Members in Armed Forces	4

Outside help has been called 11 times in the past year.  
Salisbury 6, Hampton 2, Newburyport, Amesbury and Exeter, each once.

I would like to ask the Townspeople to be very cautious about starting fires in the open, and be prompt in reporting uncontrolled fires as manpower is short and fires at this time may mean loss of valuable woodland and possibly your home. Please get a permit for any outdoor burning and remember that permits can be issued only on damp and rainy days.

In closing, I wish to thank the Fire Departments of surrounding towns, the Board of Selectmen, Members of the regular and auxiliary Fire Departments, and other Townspeople who have assisted us in our work.

Respectfully submitted,  
 GEORGE A. WEARE,

Chief

In case of FIRE, call 1768

## HOME FOOD PRODUCTION

---

Patriotism, prudence, and protection of health combine to urge that in 1944 every family produce and preserve for home consumption as much of the family's yearly food supply as possible. Home food production will assure our own food supply, will release more foods for the armed forces and lend-lease, will help meet the national goals, and will relieve transportation, labor and equipment shortages.

To help families with their plans for food production and preservation at home, the University of New Hampshire Extension Service lists the following free bulletins for your use:
